PokeGo

This is a game based on a famous Japanese cartoon Pokemon. You can play this game in two different modes- 'Endless Game' & 'Level Game'.

Endless Game :-

1) In Endless/Infinite mode, Pikachu(player) will be running and there will be enemies trying to defeat you.

2) You will have to press the "SPACE BAR" to dodge.

3) If Pikachu comes in contact with the enemies, then you lose the game.

4) Along with the enemies, Ash Ketchum will also get spawned (Pikachu's trainer). If Pikachu comes in contact with him, you will gain points.

5) The POINTS & SCORE will be displayed on top of your screen.

"ALL THE BEST" FOR PLAYING & ENJOY THE GAME.
